MONDAY MORNING, NOV. 13. WINTER SPORTS SKATING A PARK

The picture of the veteran trout fisher angling in a hole cut through the ice, may be very pretty to look upon; but the reality is rather cold for comfort, no matter how much the individual may matter how much the individual may be clothed to shield him from the wintry blasts. Activity is necessary in extreme cold weather to keep up the required circulation of the blood. Of all winter sport that of skating we think st. There is nothing better to promote health.

According to all natural signs the ap According to all natural signs the' approaching winter is going to be cold, and consequently there will be plenty of ice. The spirit of Young America is aroused, and skates are being brought forth from their out-of-the-way places, and repolished and abarpened for the coming season. A company of gentle men in the city, have, we understand already purchased one lot on the island to be used this winter as a skating to be used this winter as a skating coming season. A company of gentlemen in the city, have, we understand,
already purchased one lot on the island,
to be used this winter as a skating
park. This they dealer to increase by
the addition of several lots more if it is
possible to obtain them. The whole
will be fenced in, and one or more
booths established, where coffee and
other refreshments are to be kept. Arrangements will be made to flood the
pond when necessary, and every thing
will be so faced as to render it a pleasant
resort for the exercise of this fine sport.
Tekets for the exercise of this fine sport.
Tekets for the season will be for sale to
those to tholding stock, and by this
means it is expected to maintain the
expenses of the institution.
Young isdies who have learned the
art of skating are anxious to participate in the gay scenes. Last winter
quife a number of the gentler sex took
their first lessons on the glittering
blades, and before the season closed
showed they were aff scholars and pretty fast on skates. It is eviden that
skating is decidedly popular among the
young ladies, but it is dangerous to beginners. They might, without much
trouble, find their heads where their
feet ought, to be. There are numbers
of young fadies in Wheeling who put

feet ought to be. There are numbers of young ladies in Wheeling who put on skates once but will never do so signin. Their experience in that line was short, but effective. There ought to be some invention that would entire ly prevent novices from any danger falling. It would not be a difficult m failing. It would not be a difficult matter to so arrange ropes, pending from some permanent structure above the ice, to which the learner might hold on tightly until becoming accustomed to the motion of skates. Some arrangement of this kind would materially assist in the progress of making a akater. Be this as it may, it is evident, from present signs, that the skating spots will be largely patronized, not only by actual skaters, but by spectators. Our skating season will soon be on, and we expect to see it duly improved.

RIVER NEWS Yesterday the river was falling, with seven and a half feet of water in the channel.

On Saturday the regular daily packets came and left as usual, The Express left for Parkersburg and the Bostona No. 2 for Cincinnati, the latter

tona No. 2 for Cincinnati, the latter with a fine trip.

The Eagle is the Purkeraburg boat for to-day.

The Potomac will leave for Cincinnati at 5 p. m. to-morrow.

Some of our steamboatmen complain that the action (whether intentional or not is not said) of a number of our city shippers has a tendency to very materially damage our steamboat interest. Wheeling adippers to Cincinnati pay 20 shippers has a tendency to very materially damage our steamboat interest. Wheeling shippers to Cincinnati pay 20 cents and Pittsburgh shippers pay 35—thus leaving a margin of 15 cents for Wheeling manufacturers. It is said by the river men that Wheeling shippers wish our boatmen to carry for them at 15 or 18 cents. This they are unwilling to do, stating that they will first got o Pittsburgh and carry at less than Wheeling rates, and thus give an advantage to manufacturers there. Shippers here threaten a combination to effect the reduction they desire; and so the matter stands.—We regret exceedingly that any difference should arise between our shippers and boatmen. It seems to us that it would be a mutual benefit to these parties to sustain our own shipping. We now have a river trade, of which we may be justly proud, and we will be very sorry to see any action that will drive from us any of our steamboat line or their crafts.

Burrat.-Yesterday afternoon the ro mains of Mr. Joshua B. Lukins were interred in Mount Wood Cemeters The deceased, at the time of his death, was a member of company A, First West Virginia Volunteer Infantry. He was killed by a riffe ball in the bead, at the battle of Snicker's Ford, July 18th, 1864. Mr. Lukins was an estimable young man, deservedly popular, and a most excellent soldier. A large number of friends followed the remains of the young patriot to their last resting place.

At the time of death the remains were interred on the battle field by a brother At the time of death the leads by a brother interred on the battle field by a brother of the deceased, Captain Lukins, of the Fifteenth West Virginia Infantry. The Captain last week visited the place, recovered the remains and brought them home. The body is said to have been in a remarkable state of preservation.

THE OPERA. To-night the open opens with Verdi's grand piece, "La Traviata, or the Lost One." So widely known and deservedly popular is Max Strakosch's management, that our opera-loving public only need to be informed of his advent here to insure him a patronage such as he richly deserves. His troupe a present numbers over forty members—embracing some of the first artists on the stage. To-night will appear the following named eminent artists.

Doors open at 7% o'clock. Opera to commence at 8 o'clock. Seats can be secured to-day at J. B. Mellor's Music Store.

WELLSBURO.-The citizens of Wells burg are daily becoming more and more energetic in the work of improvement, and in developing their resources. Of and in developing their resources. On having been found at the Panther Run well, it is thought several new companies for boring will be formed at once. The coal shaft project is progessing finely; a lot having been secured to sink it on, and the right of way obtained under the town property, the work will begin early in the spring.

The price of property in Wellsburg has increased very rabidly recently, about 25 per cent, in the last few months. Many new building are being put up, and old ones improved.

THEATRICAL - Madame Scheller con Cluded her engagement here on Satur-cluded her engagement here on Satur-day evening last. She goes from here to Dayton, Ohio, where we wish her

every success.

By our exchanges we learn that the By our exchanges we learn that the popular comedian, Mr. John T. Raymond, with Mr. Theodors Hamilton, is conducting the Savannah (Ga.) Theatre. Their management is said to be highly satisfactory. Mr. Raymond, it will be remembered, was at Washington Hall with his company, last winter and spring. He won a host of friends here, who will be pleased to hear of his success.

CHURCH ENTERPRISE.—Our East Wheeling friends of the Methodist church are still moving in their enterprise of a new church. A meeting of committees was held on Friday evening last, and a general meeting is called for to-night. The project is prospering fine-ly. Those interested will work seal-ously, and they have most flattering prospects of complete success in their maderiaking.

WEATHER.-The mornings and evenings now are almost upo cool. Ice makes readily, and frost is plentiful.

AN ACCIDENT WITH A PISTOL of Mississippi, now or a visit to Esquire Dulty, in this city, not with a severe accident with a pistol. He was engaged in packing his trunk, and in handling a loaded platol, (which was supposed to be empty.) It was accidentally discharged, the contents lodging in his left ankle joint. Dr. Hupp was called in, and at ter much trouble he succeeded in ex

GOVERNMENT SALES.-In so with instructions from the Quarter Master General, Capt. Gardner, the A Q. M. at this post, will commence to morrow disposing of the government stock on his hands, at public sale. The first sale of stock will commence a the government ware houses on John street. On Wednesday there will be a large sale of corn,

vertisement in another continn, the beautiful country seat of Mr. Wm. Tallant is offered for sale. This properly is possessed of advantages rarely met with in this section, and those in need of a first class country residence would do well to apply early to the agent, Mr. T. O'Brien, who will give all needful information as to terms, &c.

CURRENCY REFUSED.—The merchants nd dealers generally in this city refuse to take in change the 50 cent cur-rency notes now in circulation. Those with the gilt circle on them are consid-ered worst of all. This setion is said to be in consequence of the large number of counterfeits on that denomination now before the public.

BRICKY.—One of our up town insti tutions has quite a pile of brick in front of its door. An ungenerous per son suggests that they have apparently been dumped there from the hats of the occupants of the building. If this be true it indicates a large amount of inebriety on the part of the aforesaic occupants,

MARKET SATURDAY MORNING. - MAR ket Saturday morning was not very well attended. The evening market Friday afforded an excuse for many to stay away. Prices were high and arti-cles tolerably plentiful. In Limbo.—On Saturday evening

man named Connelly was arrested fo reating a disturbance near the market house. He was lodged in the lock-up and will get a hearing this morning before Judge Goode. LOOK TO YOUR CHIMNEYS,-Before

putting up stoves for winter, look well to your chimneys. Have them cleaned and made secure against fire. By so doling you may save your dwelling from burning down. POLICE COURT .- On Saturday Thoms weeney was arraigned in the police

court on a charge of assault and bat tery. He was sent up to the circui-court for trial. U. S. DISTRICT COURT,-The U. S. Dis trict Court, Judge Jackson presiding, will meet at the Custom House at 10 a. m. to-day. This will be a grand jury term.
